

Introduction

The "Introduction" needs to include the following:

1. Purpose of the project. (Discuss why cities plan their growth/development in the first place. What are the environmental, social, and economic benefits of zoning/city planning?)
2. Project objectives.
3. Statement stating your assigned ward, and the location of your ward.
4. A [screenshot](#) that shows the location of your ward in the city of Allentown.

My Ward

"My Ward" section needs to include a description of your ward:

1. Describe the location of your ward using directional terms and lat/long coordinates. Include identification of the boundaries.
2. Describe your ward. Refer to Stage 3 and address the strengths and weaknesses of your ward.
3. Describe the people one would expect to interact with in your ward.
4. Include a [screenshot\(s\)](#) that shows the features of your ward.

Improvement #1: New Park, Green Spaces, and/or Open Spaces

This is the first of your five main body paragraphs. In this section you address the park, green space, and/or open space you wish to create/improve in your ward:

1. What improvement will you make to improve your ward?
2. What is the specific and precise geographic locations using geographic language?
3. What is your reasoning for selecting your locations for new park, green spaces, and/or open space areas? Include discussion of an alternate location and why you did not select it.
4. What is at least one distinct geospatial relationship noted? (What is one feature or condition of your ward that you can describe using a map? For example, can you relate the crime rate to the location of trees, or the location of trees to temperature, or the location of resources to age/income/amount of renters etc.?)
5. Who will benefit from this improvement?
6. What are the environmental, social, and / or economic benefits for this improvement?
7. Provide a [screenshot\(s\)](#) that shows your improvement (added detail is present through detailed imagery added, labels, legends, and so forth).

Improvement #2: New commercial (business) Areas

This is the second of your five main body paragraphs. In this section you address the commercial aspect you wish to create/improve in your ward:

1. What improvement will you make to improve your ward?
2. What is the specific and precise geographic locations using geographic language?
3. What is your reasoning for selecting your locations for this improvement? Include discussion of an alternate location and why you did not select it.
4. What are your reasoning for developing new commercial (business) areas with restaurants, groceries, and other service businesses in your identified location?
5. What is at least one distinct geospatial relationship noted?
6. Who will benefit from this improvement?
7. What are the environmental, social, and / or economic benefits for this improvement?
8. Provide a **screenshot(s)** that shows your improvement (added detail is present through detailed imagery added, labels, legends, and so forth).

Improvement #3: New Development for Community Resource Needs

This is the third of your five main body paragraphs. In this section you address the improvement you wish to create/improve in your ward:

1. What improvement will you make to improve your ward?
2. What is the specific and precise geographic locations using geographic language?
3. What is your reasoning for developing quality new development for community resource needs? Include discussion of other improvements and locations you did not choose.
4. What is at least one distinct geospatial relationship noted?
5. Who will benefit from this improvement?
6. What are the environmental, social, and / or economic benefits for this improvement?
7. Provide a **screenshot(s)** that shows your improvement (added detail is present through detailed imagery added, labels, legends, and so forth).

Improvement #4: New Development for Community Resource Needs

This is the fourth of your five main body paragraphs. In this section you address the improvement you wish to create/improve in your ward:

1. What improvement will you make to improve your ward?

2. What is the specific and precise geographic locations using geographic language?
3. What is your reasoning for developing quality new development for community resource needs? Include discussion of other improvements and locations you did not choose.
4. What is at least one distinct geospatial relationship noted?
5. Who will benefit from this improvement?
6. What are the environmental, social, and / or economic benefits for this improvement?
7. Provide a **screenshot(s)** that shows your improvement (added detail is present through detailed imagery added, labels, legends, and so forth).

Conclusion

This is where we need to package up the proposal in a summary:

1. What is the purpose of the project and how does it affect you/?
2. How would you describe your ward?
3. Where are your improvements and why are they ideal?
4. What do you expect the outcomes will be from the improvements you are proposing?
