

Module 3, Investigation 1: Log 2

Let's go to the mall

There are good reasons why things end up in different locations. Now that you have considered the best site for a mall, you may examine other facilities in our communities. In this Investigation Log you consider locations of certain **features** and various community **facilities**. What are the consequences of different land uses being near each other? For example, what are some possible positive and negative relationships of a stadium being near a residential neighborhood? A sample set of answers is provided for **stadium**.

| Community Facilities | Features | | | | | Sewage Plant |
|----------------------|-----------------------|--------------------------------------|--------------------|---------------------------------|-------------------|---------------------|
| | Highway | Manufacturing | Shopping | Neighborhood | Elementary School | |
| Stadium | Easy to get to events | Possible noise and competing traffic | Fans like shopping | Stadium too noisy for residents | Too much traffic | Odors distract fans |
| Airport | | | | | | |
| High School | | | | | | |
| Fire Station | | | | | | |
| Hospital | | | | | | |
